## *Frequently asked questions*

How long will you stay on the day?

We dress your venue with the items you have booked in the morning (occasionally the night prior dependant on the venue and booking) however if you would like us to stay longer to move items on the day, there is an additional charge.

Can we request bespoke items?

Yes, of course. We love that all of our weddings are so different. Feel free to ask for bespoke items. If items are personalised/cannot be used again or if you would like to keep them this will be reflected in the price.

Can you set up my own items?

Yes, the cost depends on the number of items, the time it will take to set them up and if a ladder is required.

Do you work with other suppliers?

Yes! I am surrounded by great suppliers who are my friends as well as colleagues. I trust those that I know will give their all on your day. If you have already chosen your suppliers I am more than happy to work with them too!

Do we have to pay VAT?

There is no added VAT, prices shown are what you'll pay. There are no hidden charges.

What if something gets broken?

Don't worry, that is what the damage deposit is for. I will take any breakages out of that and inform you first.

Our venue requires us to pack up at the end of the night. Can you do this for us?

Yes, we can pack up all your own items into our van or our own. If you require us to take your things away, you will need to collect from us within 2 days. Please ask about this before you book.

Is there a minimum order value?

For full set up and take down service the minimum order value is £1,200, for florals the minimum order is £2,000. However sometime during quieter times or if your venue is local we can waive this so please do still enquire.

For smaller orders we offer a dry hire service.

Dry Hire?

For dry hire you collect the items from us up to 2 days prior to your celebration, set them up and are responsible for taking the items down and returning them 2 days after the event. We always try to be flexible with timings where possible.

Everything can be returned dirty apart from charger plates and cutlery which must be rinsed and dried.

## *How it works*

So, you've paid your deposit to hold your date... what now?

1. We will have a chat about your wedding and your ideas so far, in person on the phone or Zoom and then we can get pinning and sharing ideas.
2. After understanding your needs I will create a mood board for you to visualise the day.
3. Two months before your day final numbers are required and your final payment is due.
4. It's the wedding day! Relax whilst I set it all up for you!
